The writing style is excellent with rich characters and original ideas that I won't be surprised if the author was a published writer. Other popular do it yourself methods include the Burdizzo, Elastrator and tri-bander all used in the castration of animals. The Burdizzo is a bloodless method using a pair of pincers which crush the cords feeding the testicles so that they shrivel and die before being absorbed by the body. Safe in theory, there are significant risks if not done. Torture is defined as inflicting physical or psychological pain on a person, normally to gather information. There was a dull mashing sound as they ruptured and splattered gore on the floor of the cage. "Too bad, I guess I can't change my mind, now" I said as I turned to follow Mike and the doctor to the next cage. Thantasy and I have often done roleplays together. These have taken many directions, but in the last few years they have centered on a mythical society, essentially a 21st century Earth in a parallel universe, which we call "Carthanage," in which, for genetic reasons, there is an overwhelming excess of female humans over males in the population. Testicle or testis (plural testes) is the male reproductive gland or gonad in all animals, including humans. It is homologous to the female ovary. The functions of the testes are to produce both sperm and androgens, primarily testosterone. Testosterone release is controlled by the anterior pituitary luteinizing hormone, whereas sperm production is controlled both by the anterior. That was a weird night lol.
